Introduction

This document is for visitors to the Fleadh Cheoil na hÉireann 2013 being held in Derry~Londonderry during the period 11 to 18 August. It provides information on how to contact a GP, Pharmacist or Dentist across the Western Local Commissioning Group Area (as per map below). Information on health services such as GPs, Pharmacies and Dentists across Northern Ireland is also available from the following website: www.hscni.net

Visitors to the Fleadh will be entitled to avail of “immediately necessary” treatment. The extent of treatment provided under the “immediately necessary” heading is always a matter of clinical decision but it would be expected to include sudden onset of illness, an accident or the sudden worsening of any pre-existing condition. Routine monitoring or treatment that could wait until a person returns to their home country would not generally be deemed to fall within this definition.

Where any treatment provided to a person does not fall into the “immediately necessary” category and the person is not from a country with which the UK has a reciprocal agreement, then charges may be raised for that care.

Event Medical Care

The Fleadh has appointed a medical provider (North West Community Ambulance Service) to staff and operate a medical 'walk in' centre in the city centre. The facility will be located in Sackville Street and will be 'signed' from all areas of the city. The days and hours of operation will be Thursday 15 - Sunday 18 August 2013 operating from 2pm – 12 midnight daily.

In an Emergency

If you have a medical emergency and require an ambulance, call 999 or 112 from any phone. Text Relay – Dial 18000 for Emergency Calls.

A medical emergency is something that is potentially immediately life-threatening and below are some examples:

- Sudden collapse and the person unresponsive or not breathing;
- Suspected stroke or heart attack;
- Person unconscious perhaps after heavy blood loss or accident;
- Collapse preceded by facial swelling and wheeze (probable anaphylactic shock) or choking episode.

You can also go to an Emergency Department without an appointment. The Emergency Department will treat serious injuries or conditions including fractures. Please see the following website for further information <http://www.westerntrust.hscni.net/services/1701.htm>

Emergency Dental Care

In the case of a dental emergency, i.e. trauma, swelling, uncontrolled bleeding or severe pain visitors should refer to the following website: [Dental Out-of-Hours | GP Out of Hours](#)

Permanent restoration of lost crowns/bridges or denture repairs is not considered an emergency.

GP Out-of-Hours

If you require urgent primary medical care when GP surgeries are closed, telephone your GP Out-of-Hours provider: **Western Urgent Care (Western Trust Area) 028 7186 5195**

GP Out-of-Hours services operate from 6pm each weekday evening and 24 hours on Saturdays, Sundays and public holidays. Contact us first by telephone. Please note, if the condition is potentially immediately life-threatening (e.g. suspected heart attack or stroke) telephone 999 direct.

Note that GP Out of Hours do not insert or remove stitches, and cannot do blood tests or x-rays.

Text Relay: Dial 18001 followed by the GP Out-of-Hours telephone number.

Further information on GP Out-of-Hours and other services available Out-of-Hours is available on

<http://www.gpoutofhours.hscni.net/locations/western-urgent-care/>

Pharmacists / Chemists

Pharmacists (sometimes called Chemists) dispense prescriptions and ensure the safe supply and use of medicines by patients and members of the public. They also provide a range of services related to specific health related issues and can advise on minor ailments and common complaints.

The services that may be available from your Pharmacy are:

- Emergency Contraception
- Truss Fittings
- Incontinence Supplies
- Stoma
- Needle Exchange
- Pregnancy Testing
- Oxygen

Minor ailments include:

- Bugs and viruses
- Minor injuries
- Tummy troubles
- Women's health
- Skin conditions
- Allergies
- Aches and pains
- Children's problems

The community pharmacist will be able to give advice to customers on how to use prescribed medicines and will highlight when certain medicines should not be used with alcohol or other types of medication.

Pharmacists can help you decide whether you need to see a doctor. You can talk to your pharmacists in confidence - even about the most personal symptoms and you don't need to make an appointment. It is possible to walk in to any Community Pharmacy and ask to speak to the Pharmacist.

There are a range of medicines available from your pharmacy which can be bought directly. These are usually for minor conditions. To treat major diseases, medicines need to be prescribed (usually by a doctor).

Pharmacies are normally open between 9:30 & 5:30 Monday to Saturday. However, for a list of actual opening hours please refer to the following website: <http://www.hscbusiness.hscni.net/services/2053.htm>

For Sunday openings see:

<http://www.hscbusiness.hscni.net/services/2286.htm>

Public Health

The Public Health Agency is advising people to enjoy the celebration and to take care of one another.

Public Health Agency advice for the Fleadh, including links to key resources and guidance, can be found in the Fleadh section of the agency's website at: <http://www.publichealth.hscni.net/fleadh-2013>

Included in this is guidance on alcohol and drugs, sexual health, care in the sun, carbon monoxide advice, hand hygiene, food and water safety and infection control.
