Chair of HSC Board
Chair of Public Health Agency
Chairs of HSC Trusts
Chair of RQIA
NICE Implementation Facilitator NI
Members of NI NICE Managers' Forum

Summary of Contents:

This guideline covers the prevention, assessment and non-surgical management of pelvic floor dysfunction in women aged 12 and over. It aims to raise awareness and help women to reduce their risk of pelvic floor dysfunction. For women who have pelvic floor dysfunction, the guideline recommends interventions based on their specific symptoms.

Dear Colleagues

NICE Clinical Guideline NG210 - Pelvic floor dysfunction: prevention and non-surgical management - <https://www.nice.org.uk/guidance/ng210>

The Department has recently reviewed the above NICE guidance and has formally endorsed it as applicable in Northern Ireland.

In accordance with the process outlined in circular HSC (SQSD) 3/13, the following actions should be taken (<https://www.health-ni.gov.uk/sites/default/files/publications/dhssps/hsc-sqsd-3-13.pdf>)

1. HSC Board / PHA
 - a. Identify a Professional Lead who will consider the commissioning implications of the Clinical Guideline and co-ordinate with any other relevant commissioning teams. This Lead will identify any areas where regional planning / investment / commissioning are required, or where there is material risk to safety or quality. These will then be actioned immediately through normal commissioning arrangements or through bespoke arrangements reflecting the nature of the issue / risk.
 - b. Ensure that relevant guidance is sent to the appropriate Family Practitioners and other Integrated Care Services as appropriate/relevant.
 - c. Seek positive assurance from the HSC Trusts and Integrated Care that the required initial actions have been undertaken within a 3 month period, and that the Guideline has been implemented within a further 9 months (unless otherwise notified by the HSC Trusts).
 - d. Where significant investment/ commissioning needs cannot be met within the usual timeframe, agree appropriate arrangements with HSC Trusts. Report to DoH as required at 6 monthly accountability meetings.
2. HSC Trusts
 - a. Proceed with targeted dissemination, agree a clinical/management lead to coordinate implementation and consider what has to be done to achieve implementation using a risk based assessment and baseline review as appropriate to support planning. These initial actions should be undertaken within a three month period.
 - b. Implement the Guideline within a further 9 months (apart from any elements where significant issues have been raised with the HSC Board/PHA).
 - c. Provide positive assurances to the HSC Board that required initial actions have been taken within the 3 month planning period and that the Guideline has been implemented within a further 9 months, where appropriate.
 - d. Where significant investment/ commissioning needs cannot be met within the usual timeframe, notify the HSC Board/PHA at the earliest opportunity through the bi-monthly director level meetings and agree appropriate arrangements with them to achieve implementation.
3. RQIA
 - a. Disseminate the Guideline to the independent sector as appropriate.
4. HSC Special Agencies and NDPBs
 - a. Take account of this Guideline in training and other developments as appropriate.

To inform the planning process, please find attached details from the Departmental review. You should consider and take account of other relevant Departmental policies and strategies in your planning, as well as any legislative / policy caveats identified in the course of the Departmental review.

A full current list of NICE guidance endorsed for application in Northern Ireland can be found on the Department's website at <https://www.health-ni.gov.uk/topics/safety-and-quality-standards/national-institute-health-and-care-excellence-nice>

A handwritten signature in black ink, reading "Dr Lourda Geoghegan". The signature is written in a cursive style and is contained within a thin black rectangular border.

Dr Lourda Geoghegan
Deputy Chief Medical Officer

Endorsed NICE guidance - Details from Departmental review

Reference Number	NICE Clinical Guideline – NG210 https://www.nice.org.uk/guidance/ng210
Title	Pelvic floor dysfunction: prevention and non-surgical management
Summary of guidance	<p>This guideline covers the prevention, assessment and non-surgical management of pelvic floor dysfunction in women aged 12 and over. It aims to raise awareness and help women to reduce their risk of pelvic floor dysfunction. For women who have pelvic floor dysfunction, the guideline recommends interventions based on their specific symptoms.</p> <p>The guideline includes recommendations on:</p> <ul style="list-style-type: none"> • raising awareness of pelvic floor dysfunction • risk factors • prevention • communication and providing information • assessment in primary care • non-surgical management <p><u>This guideline uses the term 'women' throughout, but this should be taken to include those who do not identify as women but who have female pelvic organs.</u></p>
Related strategically relevant DoH/ HSC policies	None
Inter-Departmental interest	None
Legislative / policy caveats	<p>This advice does not override or replace the individual responsibility of health professionals to make appropriate decisions in the circumstances of their individual patients, in consultation with the patient and/or guardian or carer. This would, for example, include situations where individual patients have other conditions or complications that need to be taken into account in determining whether the NICE guidance is fully appropriate in their case.</p> <p>This guidance refers to the <i>Accessible Information Standard</i>. Northern Ireland healthcare professionals should refer to <i>Making Communication Accessible for All - A Guide for Health & Social Care (HSC) Staff</i>. Available at: Making-Communication-Accessible-for-All-Guide.pdf (hscni.net)</p>

	<p>This guideline refers to Public Health England's Eatwell Guide. The equivalent resources in Northern Ireland are available at: www.publichealth.hscni.net/publications/eatwell-guide www.publichealth.hscni.net/publications/enjoy-healthy-eating-0</p> <p>This guidance refers to some NICE Public Health Guidance which pre-dates the introduction of the DoH process for endorsing Public Health Guidelines. All Public Health Guidance endorsed by DoH can be found at: https://www.health-ni.gov.uk/articles/nice-public-health-guidance</p> <p>This guidance makes reference to NICE Social Care guidance which has not been endorsed by the DoH.</p>
